June 30, 2016

Mr. Joseph P. Vicari

Dear Joe,

Congratulations on being named the Leukemia and Lymphoma Society's National Man of the Year. What a wonderful and truly well-deserved honor, one that genuinely reflects your dedication as a leader in our community.

Knowing that you chose to participate in the Man and Woman of the Year competition in honor of your late friend, James Giftos, is an inspiration to all of us here at the Beaumont Foundation. I cannot imagine a more fitting way for you to pay tribute to his memory than to help support the fight against blood cancers.

Again, Joe, thank you for all that you do in the community and congratulations, again, on being recognized as Man of the Year.

With warmest regards,

Margaret Cooney Casey
